

**6403 MONOLEC R & O AIR COMPRESSOR OIL  
EVERFORTUNE THERMOPLAS CORPORATION**  
*Lawang Bato, Valenzuela City, Philippines*  
**INGERSOLL RAND – SSR ROTARY SCREW AIR COMPRESSOR**

**CUSTOMER TESTIMONIALS**

***Customer Profile***

Everfortune Thermoplas Plant in Valenzuela City is a leading supplier of disposable cups that is being used by different fast food chains in the Philippines.

***Application***

Everfortune has 2 units Ingersoll – Rand SSR – 75 Hp and one unit SSR – 100 Hp Screw Type Air Compressor.

***Area of Interest***

Plant Manager William Manansala and Maintenance Supervisor Jocel Unay wanted to replace their existing oil that can deliver the same performance at a lower cost and extend the oil drain interval.

***LE Solution***

LE 6403 Monolec R & O Air Compressor Oil was introduced in January 2003. They agreed to convert one SSR – 75 Hp to LE 6403. They agreed that LE 6403 will be monitored and subjected to oil analysis to establish the maximum drain interval.

***Customer Cost Savings***

After 3 months of using LE 6403, the results of oil monitoring shows a drop of 10°F in temperature and a 5% reduction in amperage readings. The cost of LE 6403 is 35% lower than the previous oil supplies by the equipment manufacturer.

Before the end of 2003 another SSR – 75 Hp and one unit SSR – 100 Hp are converted to LE 6403 because of its excellent performance.

***Other Product Used***

- LE 607 Almasol Vari Purpose Gear Lubricant
- LE 1250 Almasol High temperature Lubricant
- LE 6402 Monolec R & O Turbine Oil
